

Attachment Q

Background: Historically, it has been helpful to compose a long, and far reaching list of potential candidates who could serve in the role of All Star 1 Chairs. It is beneficial to see, in writing, the many, many folks who we all feel would someday work in this position.

Motion: I move that we develop a list (*in addition to the list of those being nominated for the upcoming election*) of potential chairs at our on-Island meeting. This would be a "working list" of those who may not yet have been asked, or who may best serve our conference sometime in the future, not necessarily in consideration for the immediate election. This list would be preserved for review, discussion and changes at each annual on-island meeting.
