

Executive Committee Actions, October 2019 – September 2020

1. Council of Conferences Dues: The Council of Conferences requests \$100/year dues from large conferences. Previously, in a few cases, individuals have paid those dues. The Executive Committee decided to pay those dues annually from All Star I funds.

2. Financial Aid Process: The Star Island Corporation offered its Financial Aid process to all conferences. If All Star I used the SIC Financial Aid process, then it would lose control of its own process. The Executive Committee decided that it was beneficial to retain control of its own Financial Aid process.

3. Second Week Attendance Discount: The Star Island Corporation offers All Star I attendees a 25% discount on room and board during the ASI week, if they come a week early to attend the Star Union conference. The Executive Committee decided that this discount would not affect attendance at ASI and would assist Star Union in getting established. The Executive Committee let Joe Watts know that ASI was in agreement with offering this discount.
