

Annual Fund Progress Report for 2025

Greetings, All Star Family –

First – Louise got her wish: A co-representative to Star Island’s Annual Fund who will help promote and wrangle giving from our conference. Thanks to Steve Parr for stepping up – he brings great experience and ideas, in particular through successfully promoting and wrangling giving to his own church.

Below is the information we have on hand regarding All Star One’s giving to Star Island’s Annual Fund for 2025, and how it compares to recent years:

Calendar year	Giving as of September 18	Number of donors as of September 18	Total for year	Total donors for year
2025	\$53,272	33	TBD	TBD
2024	\$36,814*	34	\$95,843	77
2023	\$30,570 (as of 8/31)	35 (as of 8/31)	\$96,875	90
2022			\$119,297	78
2021			\$98,701	81

Fewer than 20 of our All Star One households make monthly contributions.

Steve and I are eager to raise All Star One’s bottom lines – both in terms of total giving and total number of givers – in 2025 and beyond. The giving to-date this year reflects a number of especially generous contributions, for which we are grateful. We would also like to raise the number of All Star One folk who give monthly – Star is on our minds year-round, why not send some love year-round, too, if you can? At this year’s off-island meeting, we will have more to say about our objectives and vision for achieving them.

Louise Williams
(.. and now, Steve Parr, too!)

*This number appears to have been adjusted downward from prior records.
